Troubles.

No other remedy or treatment for catarrh has ever been as popular or made so many remarkable cures in this town as Hyomei.

The best people attest its curative virtues, say the local agents. The fair way in which Hyomei was sold, to refund the money unless it gave satisfaction, was the best proof when it was introduced that it possessed unusual curative powers. Our leading druggiets took all the risk of the treatment giving satisfaction, and left it to the purchasers to be the judge.

tion, and left it to the purchasers to be the judge.

Later, when Hyomei was used and recommended by our well-known physicians and business men and their wives as a treatment that absolutely cured catarrh, no matter how serious or long standing, the sales rapidly grew and to-day there is no other remedy in the druggist's stock that has such a large and staple sale.

The first breath of Hyomei's healing air kills all catarrhal poison.

Try Hyomei to-day on the offer to retund the money if the treatment does not give you satisfaction. Sold and guaranteed by
